**Petition to the Government of Canada**

**WHEREAS**
We oppose the legislative provisions in the Act to implement certain provisions of the budget tabled in Parliament on March 29, 2012 and other measures (formerly known as Bill C-38) regarding the power to define “suitable employment,” the power to define “reasonable and customary efforts to obtain employment” and the creation of a social security tribunal because:
1. these provisions will weaken entire economic sectors across the country and penalize seasonal workers and regional workers; and
2. these measures do not improve access to employment insurance or the ability to match workers’ skills with available jobs.

**We, the undersigned,** citizens of Canada, **call on** the Government of Canada to

**repeal** the above legislative provisions in the Act to implement certain provisions of the budget tabled in Parliament on March 29, 2012 and other measures (formerly known as Bill C-38) as quickly as possible.
