# **Petition to the House of Commons in support of fair budget legislation.**

**We, the undersigned residents of Canada, draw the attention of the House to the following:**

**THAT** the Government of Canada has introduced two 400-plus-page omnibus bills—Bill C-38 and C-45—purporting to implement its 2012 budget while implementing dozens of unrelated measures;

**THAT** these bills fundamentally transform Canadian life—cutting OAS, EI and health care funding, gutting environmental assessment rules, reducing support for job-creating research and development, and shrinking oversight of government; and

**THAT** these bills, with their 800-plus pages rewriting dozens of Canadian laws, were far too wide-reaching to be properly studied, debated and amended.

**THEREFORE, we call on the Government on Canada to halt this practice of introducing omnibus legislation to avoid its democratic accountability to Canadians.**
